

## Technical Data Sheet

### Rescue Trade Transfer Sheet

Basic UDI-DI: 426072773RT-TRANSFER6S

### Rescue Trade Disposable Sheet

Item: **RTELVL2313**

#### Description and Application

The disposable patient transfer sheet (slide sheet) minimizes friction and/or shear when transferring a patient in healthcare facilities, such as hospitals, ambulances, patient transports and nursing homes, as well as in home care. A friction-reducing transfer sheet contributes to the reduction of risk of injury to the patient associated with manual handling.

Do not use for carrying.

#### Material and Characteristic

- Color: white
- Size: approx. 230x130 cm
- 1 Layer PP-nonwoven 40g/m<sup>2</sup>
- Hygienically and 10x15 pcs packed in Polybags

#### Packaging Information

- Unit:

= 10x15 pcs (150 pcs)/ctn

= 16 ctn/Pallet

- Carton Size: approx. 60x40x40 cm
- Net Weight Ctn: approx. 18 kg
- Gross Weight Ctn: approx. 19 kg

#### Additional Information

**MD** Medical Device Class I according to EU Regulation 2017/745 MDR

- GTIN Carton: 4260727730437
- GTIN 5 Pieces: 4260727730857
- GMDN-Number: 37163
